On 30th october 2015, TROX Malaysia have attended the 30th ASHRAE Malaysia Chapter Annual Dinner which was held at Setia City Convention Centre, Shah Alam. We have supported ASHRAE with Gold Sponsor partnership for a couple of years. This year, the motto of the dinner was "Hand in Hand" which defined as all work together towards success and strives to meet the goal of shaping tomorrow's built environment today.

The event had given us a great opportunity to keep in touch with our existing customers and meet the new customers at the same time. There were several entertainment activities such as the magic show, lucky draw, best dress competition and etc. Besides that, there were a lot of funny accessories for the guests who would like to take photo at their photo booth. It is very much different with the previous year and everyone was able to get a copy of the photo.

The cocktail reception started at 5pm and the dinner ended successfully at 11 o'clock. Everyone was truly enjoying throughout the dinner.
