date	rubric
15.10.2012	TROX Care / company

### BY: TROX CARE COMMITTEE

Our TROX Care's 2<sup>nd</sup> event for the year was Blood Donation. This event was a collaboration with Senawang Specialist Hospital (SSH). SSH hospital is a medical center situated near TROX factory.

The event was held on 14 Oct 2012 at the Klana Resort. Participation from TROX was encouraging and this really shown the spirit of caring for the community by our personnel. Apart from TROX family, the participation from the public was very encouraging too.

Overall the event achieved its target with many turn outs. TROX Care's committee members played their role well in helping SSH.
