Effective 1st July 2022, Mr. Max Missbichler will take up the position Head of Technical – SEA and is a member of the Extended Board of Directors. Max has been working with TROX Malaysia since January 2008.

Before joining TROX Malaysia Max was employed at TROX Austria for 6 years and joined TROX Malaysia as Senior Sales Manager thereon took up the position of Head of Sales and Technical.

With his technical background, Max brought considerable product and application experience with him to TROX Malaysia and has been instrumental in the development of the commercial product sales within the region together with the opening of new market opportunities. Amongst these has been the introduction of air/water solutions to Asia Pacific which resulted in the introduction of the DID manufacturing line in Malaysia in 2010. Max spearheaded the sales of this technology within Asia Pacific and secured reference projects in all major markets. With this new role, Max will focus on TROX Academy, product development and new innovations. Max is a member of ASHREA for over 10 years.

In addition to his contribution to TROX, Max has also contributed much to the local community with his involvement with the local branch of the Rotary Club and other charitable works.

With his considerable experience within TROX, we believe Max will continue providing excellent service to TROX APO. We wish Max a successful continuation of his career with our company.
